

SALT LAKE DAILY HERALD.

VOL. XVI.

SALT LAKE CITY, UTAH: THURSDAY, AUGUST 20, 1885.

NO. 65.

STANDARD DOLLARS.

The Action of the Treasury Department.

THE WABASH R. R. TROUBLES.

It was Dynamite—Mississippi Democracy—Shipping Gold—Baseball—Yew-Gay old Gladstone.

Knights of Labor.

August 19.—No action taken by the Knights of Labor in the employ of the Union Pacific upon the St. Louis order. Wabash officials claim the order will be issued by the Union Pacific Knights. St. Louis, August 19.—The action of the National Executive Committee of the Knights of Labor in issuing a general order to the Knights employed upon the St. Louis order, is being followed by the handling of the Wabash rolling stock, has been followed by no serious results to-day. Numbers of the Wabash committee which is in session here, are of the opinion that the full force of the order will not be felt by the railroads for several days yet. Telegrams have been received by them from different parts of the State, and from the general assemblies of the national organization, endorsing their action and indicating their intention to stand by it. A meeting of the Knights at the west will be held as soon as the order is received by them, and it is expected that concerted action will be taken by the 21st at the latest. J. J. Russell, of the committee, says the committee are calling for the impeachment of United States Judges Brewer, Treat and Knable, will be carried out if possible. The committee are also calling for the impeachment of United States Judges Brewer, Treat and Knable, will be carried out if possible. The committee are also calling for the impeachment of United States Judges Brewer, Treat and Knable, will be carried out if possible.

Salt Lovers and the Standard Dollars.

WASHINGTON, August 19.—A prominent official of the Treasury Department said to-day, in regard to the complaint of bankers and mining men of Salt Lake City, against the recent order regulating the distribution of silver dollars, that the order in question was made necessary by the great expense attending the transportation of that coin from one point to another. As an illustration he said it would cost over \$8 to ship 1,000 dollars from San Francisco to Salt Lake City, and as much more to ship it back, which expense would deprive the government of the entire profit realized from the coinage. The difficulty at Salt Lake would, in the official's opinion, be averted if the bankers were willing to accept fractional silver coin, instead of standard dollars. The former would be delivered to them at their places of business without delay, and without expense to them, and would answer all purposes of standard dollars. He said, further, that the efforts of the present Administration to promote the circulation of silver coin are meeting with great success, especially in the case of subsidiary coin, which, until the present movement began, was wholly unavailable and a dead weight.

The Tar.

SARATOGA, August 19.—First race, two year olds with selling allowances, three quarters of a mile; starters, Rock and Rye, Red Girl, Velvet, Belle of Louisville and Montezuma; Red Girl won, with Velvet, second; Rock and Rye, third. Time, 1:18. Second race, one mile and a furlong, with non-winning and maiden allowances, was won by Monogram with Farewell, second; Nettle third. Time, 2:01. The starters were Monogram, Farewell, Nettle and Gayde. In the third race, three-quarters of a mile, the starters were Gleaner, Greenfield, Florence E., Sam Powers, Syracuse, Leonardo, Curlema and Finality. The race was won by Gleaner, with Florence E. second, Greenfield, third. Time, 1:24. In the fourth race, one mile and half a furlong, the starters were: Emma Manley, Clay Lane, Red Girl, Una B., and the Californian horses, Jim Douglas and Alta. Jim Douglas won, with Alta second, Red Girl third. Time, 1:51. Fifth race, selling allowances, one mile; starters: Charley Marks, Whizgig, Belle Pate, Leonardo, Girdle, Blanton, Thady, and Wellington; won by Whizgig, with Belle Pate second, Charley Marks third. Time, 1:45.

Mississippi Democrats.

JACKSON, Miss., August 19.—The State Democratic Convention to nominate a State ticket met to-day. Governor Lowry was renominated. Lieutenant Governor Shands was nominated. No other nominations were made this evening. The following resolution, offered by W. H. Hardy, of Meridian, was adopted by a rising vote: Resolved, That the Democratic party of Mississippi, in convention assembled, hereby express their appreciation of the honor conferred by President Cleveland upon the party and upon the State by the appointment to a cabinet position of that illustrious patriot, honored and beloved by Mississippi, Hon. L. Q. C. Lamar, and Resolved, That in the policy of President Cleveland, so far as disclosed, we see not only nothing to condemn, but everything to inspire confidence in his wisdom, integrity and statesmanship, and we hereby express our unqualified endorsement of the same. The convention adjourned at 8:30 o'clock, until to-morrow morning.

Shipping Gold.

WASHINGTON, August 19.—The transfer of gold coin from the sub-treasury of San Francisco to the sub-treasury of New York through the mail has been resumed. A package containing \$300,000, arrived in New York yesterday. The amount already shipped by mail is about \$11,900,000. It is learned that the original intention was to have transferred it from San Francisco to New York in United States war vessels by way of the Isthmus of Panama, during the recent possession of that territory by the United States naval forces. The troops were withdrawn, however, before the plan could be put in operation.

Baseball.

DETROIT, August 19.—Detroit 2, Buffalo 3. BROOKLYN, August 19.—Brooklyn 1, Baltimore 8. PITTSBURGH, August 19.—St. Louis 6, Pittsburgh 4. LOUISVILLE, August 19.—Louisville 4, Cincinnati 5. NEW YORK, August 19.—Athletics 0, Metropolitan 3. BOSTON, August 19.—Boston 4, Providence 10.

Gay Old Gladstone.

LONDON, August 19.—The yacht *Sassafras*, on which Gladstone and his wife and daughter are the guests of Sir Thomas Brassey, reached Bergen, Norway, this morning. Gladstone has already been greatly benefited by the trip. On Monday, while the yacht was at anchor, he went ashore and walked from Edjord to Veringsborg, a distance of eighteen miles, notwithstanding the road was a rough one. Gladstone was not fatigued, and was delighted with his jaunt.

Propeller Broken.

SAN PEDRO, Cal., August 19.—The steamer *San Juan*, from Panama for San Francisco, put in here to-day, with two blades of her propeller lost. She left this evening for San Francisco, and expects to arrive there on Monday next.

"Water-bugs Roaches" "Rough on Bats" clears them out. Also Bees, Ants, Insects, Rats and Mice, 15 and 25c. boxes.

FEVER IN NEW YORK.

Yellow Jack Appears in the Metropolis.

AFTER THE POSTMASTER.

The Usual Daily Accident—Youthful, But Plucky—Digging Him Up—Ex-Prisoners of the War.

Tien's So.

WASHINGTON, August 19.—Judge Thomas, of the Civil Service Commission, said to-day, regarding the dispatch from New York, printed in a Philadelphia paper, charging that the requisition of Mr. Berry upon the chairman of the examining board of the New York Custom House for an immediate certification of the names of two persons, from whom to make selection of a gauger, is for the purpose of forcing the commission to accept Messrs. Berry, Barre and McKewen as members of the board, as no examination can be held until vacancies are filled; that the commission had never received any recommendations of Berry and Barre, that McKewen is the only person yet recommended to the commission. "The resignation of active members of the board who propose to retire, have not been accepted, or rather they do not go into effect until their successors shall have been appointed. They are still subject to duty and the board is not yet in the minority."

The law authorizes two members of the board to act, and if an immediate examination was really necessary, Chairman Comstock would have no difficulty in calling upon others to serve. I feel confident that vacancies will be filled very soon, and do not apprehend any trouble at all. The examining board of New York is so restricted that it could not be made use of as a partisan machine, even if the chief custom's officials so desired—and I do not believe they do, without positive and palpable violations of law."

An evening paper says: Commissioner Eaton and Chief Examiner Lyman have gone to New York to repeat the requests to the collector and surveyor, for them to nominate candidates for vacancies on the New York Civil Service Board. If the officials persist in their refusal, the commission will make the appointments.

After the Postmaster.

WASHINGTON, August 19.—The chiefs of the money order office and finance division, and the chief special agent of the postoffice department, have been instructed to call the immediate attention of the postmaster-general, or first assistant postmaster-general to all cases of delinquency in money order matters on the part of postmasters which may come to their notice by reports of special agents or otherwise. Special jacket "melon colored" papers are to be prepared for such cases, the color being designed to call attention to the enclosure from among the mass of papers which reach the desk of the Postmaster-General and his assistant. Heretofore cases of this kind have been allowed to take the routine course, going with the other correspondence to the correspondence clerk's office, and as a result, many postmasters who have failed to keep up their deposits have been able to retain their offices after their delinquencies have been reported upon.

The Usual Thing.

CHARLESTON, W. Va., August 19.—This afternoon while the cars were ascending and descending the inclined railroad at the Cabin Creek coal mine a short distance above the city, the loaded cars broke loose and collided with a car in which were Layton Oakford, President of the road; Thomas Peacock, Amos Mitchell, Joseph Hall and a man named Thoman, killing the four first named and seriously wounding Thoman. The Cabin Creek road is seven miles long and is used to transport coal from the mines to the Chesapeake track.

Youthful But Plucky.

LOUISVILLE, August 19.—The steamer *Blushing*, from Kentucky River, reports that an old man named Willis Roach, having money on his person, was attacked by four unknown men on Monday near Frankfort, Ky. A young son of Roach came to his father's assistance, and, with a pistol, shot and killed two of the men, fatally wounding the third, the fourth man making his escape. The boat's crew cleaned this meagre information from the inhabitants along the river.

Don't Want Him.

LONDON, August 19.—Letters from Tongkin say that the treaty of Tien Tsin is a dead letter, as far as the evacuation of the country by the Chinese is concerned. Troops have refused to return to China, or to disarm, and are forming a strong army of irregulars, and are preparing to attack the French. Phnos, Chief of the Black Flags, offered his services to the French to suppress the piracy and anarchy in Northern Tongkin on the condition that he be appointed governor of the district. His offer was declined by General De Lalle.

Roach's Assignees.

NEW YORK, August 19.—David H. McAlpine and Thomas P. Rowland, of this city, became sureties in the sum of \$200,000 to-day for Messrs. Quintard & Weed, assignees of John Roach.

The Hope of the Nation.

Children, show in development, purity, scrupulous and delicate; use "Wells' Health Renewer."

THAT DREADED DISEASE.

A Yellow Fever Patient Wanders About New York.

NEW YORK, August 19.—A dispatch from Health-Commissioner Reynolds of Brooklyn, warned the Sanitary authorities, to-day, to be on the lookout for Henry Ryers, 22 years old, a sailor of the schooner *John Gibson*, who had left the vessel now lying in Brooklyn dock, sick with symptoms suspiciously like those of yellow fever. The *John Gibson* came from Gloucester, on August 1st, and was detained in quarantine till August 15th, when all being well on board, she was allowed to come up to her dock. It is reported now that her captain had died on the voyage from the fever. Another report has it that there was no sickness on board, which, if true, cannot be ascertained at the present stage. Ryers left the ship yesterday and it was found that he had crossed the city to New York. Search was at once made for him. Before it was begun, a citizen had found Ryers lying very ill in Battery Park, and had helped him to No. 27, State Street where he fell in the hall way, unable to go further. Here Dr. Conant, sanitary inspector, found him and had him at once removed to the Riverside Hospital. During the night he developed well-known signs of the dreaded disease. This morning he was removed to quarantine. The premises in State street were disinfected. Brooklyn health officials are looking after the ship and its partly discharged cargo. The health officers say they do not believe yellow fever could become epidemic in New York in its present excellent sanitary condition.

Prospects for Crops.

BALTIMORE, August 19.—The Baltimore *Manufacturers' Record* will publish, to-morrow, nearly five pages of special reports covering the whole south, showing that the prospects for crops and the outlook for business in that section are remarkably good; not only is the acreage in cotton, corn and tobacco crops the largest on record, but the reports are almost unanimous in stating that the yield of these crops, more of corn and probably over 500,000 bales of cotton more than last year, the aggregate amount of agricultural harvest given to obtain advances upon the growing crops is \$3,000,000 less than in 1882 notwithstanding the fact that the intervening years of 1883 and 1884 were unfavorable crop years.

In Georgia the agricultural department estimates the corn crop at 40,000,000 bushels against 31,000,000 last year and 24,000,000 in 1883. Regarding cotton, reports from the whole south, are of the most flattering character, some stating that the yield will be the best for years, others, the best for twenty years, and many the best ever known. It is thought by the United States Commissioner of Agriculture, that the increased acreage of corn over last year, and the splendid yield which is now assured, will give the south not less than 50,000,000 bushels of corn more than last year.

The cotton crop is believed to be safe for much the largest yield ever made, and for at least 1,000,000 to 1,500,000 bales more than last year. Of tobacco, fruits and vegetables, the crops are the largest ever made in the south, while rice promises a record yield, and sugar a far more satisfactory and profitable crop than in 1884. Stimulated by the unprecedented crops, business already showing a decided improvement and the prospects throughout the south for fall and winter trade are reported as unusually good. In the organization of railroad and manufacturing enterprises there is great activity and the outlook for industrial interests is particularly promising.

The Ex-Prisoners of the War.

PHILADELPHIA, August 19.—The national association of ex-Union Prisoners of the War began its twelfth annual session to-day. The following committee on credentials was appointed: Comrades Burton, Ripple and Stark. Before this committee concluded its labors, reports of officers were handed in. In his report, President Shanklin said: There has been no very marked progress in the advancement of our organization during the past year; while our hopes of extending our organization to so far include all ex-prisoners, with complete State organizations, has not been fully realized, much practical work has been accomplished that must produce results in the immediate future. We have now regular chartered associations, either State or local, in fifteen States as follows: Pennsylvania 9, Michigan 7, Ohio 5, Indiana 3, New York 2, Colorado 2, Massachusetts, Connecticut, Illinois, Wisconsin, Maryland, Virginia, California, Kansas and the District of Columbia, making a total of thirty-seven organizations in all. The treasurer was absent, and his place was occupied by Dr. G. A. Shanklin of Fremont, Ohio, and his report showed that \$311.16 had been received during the last term. The meeting then adjourned and members were escorted through the United States mint by the comrades of the Pennsylvania State Association.

Rents Coming Down.

LIVERPOOL, August 19.—Earl Devon has finally made an offer to ten of his tenants to grant their demand for a reduction of 30 per cent. in rents. The tenants will decide to-morrow whether to pay or refuse. A defense fund is being raised, and much excitement prevails.

Cataract of the Bladder.

Stinging, irritation, inflammation, all Kidney and Urinary Complaints, cured by "Buckley's" 51.

Will Dig Him Up.

FOUR MONTHS, August 19.—A startling rumor spread through this city to-day to the effect that the late John Nichols, Vice-President of the City National Bank, whose sudden death occurred last Monday at the bank, was defunct to large amounts. Immediately after his demise, officers of the City National Bank called a meeting of all other bankers of the city to investigate the affairs of the bank. This committee report that they find the late Vice-President Nichols to have been a defaulter to an amount of about \$30,000, but the committee consider the bank sound. The indebtedness of Nichols in individual notes amounts to but \$30,000, although rumors are current that his private indebtedness is much larger. His funeral yesterday was the largest ever witnessed in this city. The body will probably be exhumed to settle the question whether or not he suicided.

American Bar Association.

SARATOGA, August 19.—The American Bar Association assembled here to-day, in the eighth annual session. The annual address was made by President Hon. John W. Stevenson, of Kentucky. He spoke in favor of advancing the science of independent jurisprudence and promoting a thorough administration of justice, and urged the necessity of uniformity of legislation throughout the several States. Members of the general council, one from each State, were then chosen. A resolution was passed for the appointment of a committee to report what action, if any, the association should take in view of a contingent necessity for legislation for the relief of the Supreme Court of the United States from its overplus of business. At the evening session David Dudley Field submitted a paper on judicial delays and uncertainties, and a paper by Stephen C. Benton, of Minnesota, on the distinction between legislative and judicial functions was read.

More Veterans.

NEW YORK, August 19.—The Old-time Telegraphers Association and Society of the United States Military Telegraphers Corps held their annual reunion at Manhattan Beach Hotel to-night. About 200 persons were present, among them many veteran telegraphers of the War of the Rebellion. The object of the association is to bring before the government the claims of men who served during the war. The meeting to-night was purely social.

Beef and Flour Contracts.

WASHINGTON, August 19.—The following beef and flour contracts have been awarded: Acting-Commissioner Upshaw, of the Indian Bureau, has awarded the contract for furnishing 225,000 pounds of beef and 100,000 pounds of flour to the northern Cheyenne Indians, to Thomas C. Powell, Chicago, the former at \$3.47 and the latter at \$2.70 per 100 pounds.

Cholera.

TOULON, August 19.—Patients with cholera in the garrison are recovering. Inhabitants of the city are in no way alarmed. Marseilles, August 19.—There were twenty-three deaths from cholera in this city to-day.

Who He Is.

LONDON, August 19.—It is stated that "Maxwell," who, it is said, murdered Preller, in St. Louis, Mo., is a son of National Schoolmaster Hyde, near Manchester.

LEGAL NOTICE.

In the Probate Court in and for Juab County, Territory of Utah.

In the matter of the estate of Wm. Casler, deceased.

Order to Show Cause Why Decree of Distribution should not be Made.

ON READING AND FILING THE PETITION of Samuel Casler and David Casler, executors of the last will and testament of Wm. Casler, deceased, and praying among other things for an order of distribution of the residue of said estate among the persons entitled and settlement of their account. It is ordered that all persons interested in the estate of said Wm. Casler, deceased, be and appear before the Probate Court in and for the County of Juab, at the Court room of said Court, in the town of Nephi, in said Juab County, on Saturday, the 12th day of September, 1885, at 2 o'clock p. m., to show cause why an order of distribution should not be made of the residue of said estate among the heirs of the said deceased, according to law.

It is further ordered that a copy of this order be published for four weeks successively before the said 12th day of September, 1885, in the SALT LAKE WEEKLY HERALD, a newspaper published in the City and County of Salt Lake in Utah Territory. JOEL GROVER, Probate Judge. Dated Nephi, Juab County, U. T., August 7th, 1885.

OFFICE OF THE PROBATE CLERK, NEPHI, JUAB COUNTY, U. T., August 7th, 1885.

I certify that the foregoing is a true copy of the original. WM. A. C. BRYAN, Clerk of the Probate Court, Juab County, U. T.

W. A. C. BRYAN, Clerk of the Probate Court, Juab County, U. T.
